

## Vanguard Zine: LGBTQ Vietnamese Activism on Exhibit

Apr 24, 2019

Since 2014, *Vanguard Zine* has brought together and highlighted the work of LGBTQ Vietnamese artists living in the U.S., Europe, Australia, and Vietnam. Now they're reflecting on the past five years of their work with a retrospective exhibit in Dorchester, Massachusetts—home to one of the largest diasporic Vietnamese communities on the East Coast.

The *Vanguard* exhibit will be on display at [Dorchester Art Project](#) from April 26 to May 19, 2019.

In 2014, Vănguard ignited a queer revolution in the underground art scene of Vietnam. Half a decade later, the Vănguard Retrospective Exhibition will reflect on 5 years of transnational activism and bring together original artwork from LGBTQ Vietnamese artists living throughout the United States, Vietnam, Europe and Australia. The exhibition will debut in Dorchester, home to one of the largest Vietnamese communities on the East Coast. Alongside the exhibition opening, Vănguard will be launching its fifth issue featuring over 25 artists.
